

REMARKS/ARGUMENTS

Claims 20-33 are pending subsequent to entry of this Amendment.

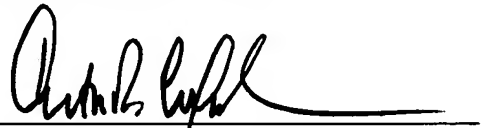

These claims are directed to a specific group of amine catalysts and employ 1,1,1,3,3-pentafluoropropane (HFC-245fa) as the blowing agent and thus differ from the claims now pending in the parent application.

An early and favorable action on the merits is awaited taking into account the concurrently filed Information Disclosure Statement.

Respectfully submitted,

NIXON & VANDERHYE P.C.
